Grace and Peace!!

It's that time again! We would love your support as we kick off our annual School Supplies Drive.

Just like last year, we'll have copies of the supply lists and sticky notes available for you to pick up. For even more convenience, you can simply scan the QR code to purchase the needed items, and they'll be shipped directly to the church.

Thank you in advance for your generosity and for the many ways you continue to bless our Youth Department. Your support helps ensure our students are prepared and equipped for a successful school year!

We truly appreciate you!

Youth Department

The Men's Ministry would like to have a brief meeting with all men after church in the front of the Sanctuary. Please plan to attend.

The clothes closet is not accepting men or women's clothes at this time. But we thank you for continuing support the clothes closet.

The July Birthday Fellowship Club invites you to join them in a little enjoy-mint to celebrate their special days. First, see if you can identify their youthful pictures. The pictures are on a display board at the elevator tower entrance. Answers and high scorers will be revealed on 4th Sunday, July 26th. Second, please join us in joyous support of the food pantry by donating lima beans (canned or dried) during the month of July. Collection bins may also be found at the elevator tower entrance. Last, all month as you come and go from Sunday services, please enjoy a festive mint.

Caring for Our Skin This Summer

When it comes to caring for your skin, there are a few rules that are universal, like daily cleansing, moisturizing, and—you guessed it—sun protection. Helping to protect your skin from the sun's damaging ultra-violet (UV) rays should be part of everyone's daily routine for healthy looking skin. One of the most common misconceptions in skincare is that people with darker skin tones do not need to wear sunscreen, protective clothing, or worry about sun damage. In reality, although Black and Brown skin may be less likely to burn, it is not immune to the damaging effects of UV rays. **BE SUN SAFE**

YOUTH CYBERSECURITY TRAINING

WinstonNet

YOUTH CYBERSECURITY WORKSHOP

This 1-hour interactive session equips youth with the essential skills to safely navigate the internet and protect themselves in today's digital world. Participants learn practical cybersecurity habits, including safeguarding personal information, creating strong passwords, and avoiding online risks.

The class also builds awareness of how data is collected and used, helping students understand their digital footprint and manage their online presence responsibly. Youth are trained to recognize suspicious activity, such as phishing, scams, and unsafe websites, which gives them the confidence to make smart decisions online.

By the end of the session, participants are not only more informed but also empowered to share cybersecurity knowledge with their friends and family, becoming digital safety leaders in their communities.
